THE
ESSENTIALS
for HEALTH
& WELLNESS

Good health is a gift to be treasured and nurtured every day. TriVita joyfully shares these keys to helping you experience wellness: the essentials for physical, emotional and spiritual health.

PHYSICAL

1. Breathe Deeply
2. Drink Water
3. Sleep Peacefully
4. Eat Nutritiously
5. Enjoy Activity

EMOTIONAL

6. Give and Receive Love
7. Be Forgiving
8. Practice Gratitude
9. Develop Acceptance

SPIRITUAL

10. Develop a Relationship with God

FROM THE FOUNDER

Michael R. Ellison

Celebrating our 20th anniversary with our Members has been a blast! What a great time giving away cruises for two and \$1000 TriVita product packs. We have Members who have been with us since 1999 still enjoying wellness. Your wellness is our purpose!

But we are also aware of the everyday world we live in with the anxiety, stress, loneliness, and the many health issues people face today. According to a poll by the American Psychology Association, over 50% of the American population experiences heightened stress and anxiety. In Canada, the Canadian government website showed that over 3 million Canadian adults are now experiencing anxiety, mood, and mental health disorders, which significantly affects the quality of life.

Managing stress and anxiety is one of the most important things you can do for your health and well-being, especially for those over age 50. The adverse effects of extended anxiety and stress can affect the heart, brain, and nervous system. In my new book, *10 Habits of Wellness*, Chapter 2 is all about the habit of deep breathing. It is simple to do and is so effective in reducing anxiety and stress. You can even lower your blood pressure in practicing this fantastic technique.

Supplementing with Adaptuit and its powerful formula of adaptogens along with L-theanine is another proven way to help relieve stress. L-theanine with 44 mg/d per dosage was shown to safely reduce anxiety in a study published in the *Journal of Clinical Psychiatry* 2011 cited by PubMed.

I know so many people who benefit greatly from this wonderful formula as well as thousands of TriVita Members who order this product. **When you take 1-3 ounces of Adaptuit, you will feel the calming effects generally within 30 minutes.** I encourage you to do as I do, take this as a routine preparing for your restorative nightly sleep. See page 3 for offer details this month.

TriVita's Omega3 Prime is a high-quality omega product that is refined and pharmaceutically distilled to provide a pure form of omega-3 fatty acids. We not only believe in wellness for people but all of God's creation, including the ocean. TriVita supports sustainable harvesting and sourcing from Friend of the Sea (FOS) registered suppliers to conserve marine habitats and resources. **So when you take Omega3 Prime, you know it is good for your heart and brain, and good for ocean sustainability.**

I will close with one of my favorite passages of scripture, "Friend, I pray you will prosper in all things, and be in good health just as your soul prospers!"

Michael R. Ellison,
Founder of TriVita

GLUTEN FREE TRIVITA PRODUCTS

All TriVita products are independently tested for gluten. If you have gluten concerns, look for the gluten free symbol, located next to the product item number.

CURRENT GOOD MANUFACTURING PRACTICES (cGMP) ASSURE THE HIGHEST QUALITY

At TriVita we make sure that all ingredients in our products come only from vendors who comply with the highest standards of Current Good Manufacturing Practices (cGMP). Additionally, all TriVita supplements are manufactured in the United States.

OUR PROMISE TO YOU: YOUR TRIVITA PURCHASE IS BACKED BY OUR 60-DAY MONEY BACK GUARANTEE.

SATISFACTION GUARANTEE

If you are not fully satisfied with your purchase, you will receive a full refund, less shipping and handling, within 60 days of the order date. Please call our toll-free number for complete details at 1-877-850-2968, or to receive instructions for returning products for a refund.

PAYMENT

TriVita accepts debit cards and all major credit cards, including Visa, MasterCard, Discover and American Express. You may also mail a personal check, money order or postal order (be sure to include applicable shipping, handling and taxes). We also accept electronic check—just call and your order can be deducted from your checking account securely without the delay in mailing your order. When sending check or money order, please add your member ID found in the blue box on the back cover of this catalog.

DELIVERY

Standard delivery is made by common carrier and will usually arrive in 7–10 days. Expedited shipping is available—just call our Wellness Consultants for options and rates.

FEATURED SPECIALS

Our featured specials are available by phone, fax, mail and online at TriVita.com. Featured specials expire on the date listed.

PRICING

Prices listed in this catalog are current as of the date of printing. We reserve the right to change prices and limit quantities, without notice.

TAX INFORMATION

Please comply with your state's tax laws. TriVita will remit sales tax to the appropriate state. Contact a Wellness Consultant if you need assistance.

NOTICE:

If you are pregnant, nursing or on medications, you may want to consult with a healthcare provider before using. Keep out of the reach of children. To report a serious adverse event or obtain product information, contact 1-800-991-7116. Information provided herein is for informational purposes only.

All customer testimonies are from dedicated users of TriVita products. Some customers may benefit by receiving consideration or compensation for their relationship with TriVita.

Don't just cope...

TAKE CONTROL.

“Adaptuit helped me manage my stress during a long-term caregiving job. I took 3 oz. in the morning and 2 oz. at the end of the day and it made a big difference.”

- Mary D., Member since 2011

20% OFF!
SAVE \$7.00*

Everyone has some kind of stress that they experience day in and day out, from financial and health stress to relationship, work and physical stress.

We all try our best to *adapt* to our particular stressors, but sometimes we need help. That's why there's Adaptuit!

Adaptuit

Supports daily stress relief for a calmer, more relaxed you

Adaptuit is formulated from a source of adaptogens that promote daily stress relief and well-being.

- **Eleutherococcus senticosus extract 4:1 (root):** Eleuthero is known to reduce cardiovascular responses to stress while helping with overall stress adaptation.¹
- **Schisandra chinensis extract 10:1 (Fruit):** Vining shrub’s berry is used in folk health practices to increase endurance, coordination, mental sharpness and work capacity.²
- **Rhodiola rosea root extract 4:1:** Russia’s “Golden Root” herb may help both physical and mental performance while reducing fatigue under stressful conditions.³

Eleutherococcus senticosus root is believed to have adaptogenic effects on the adrenal glands, whereas *Rhodiola* and *Schisandra* are believed to act as central nervous system adaptogens.⁴⁻⁹

ADAPTUIT ALSO CONTAINS THE UNIQUE CALMING COMPOUND L-THEANINE—AND HAS A DELICIOUS GRAPE FLAVOR!

- Adaptuit contains 125-375 mg of L-Theanine (the unique, calming compound present in green tea, but without the caffeine.^{10,11}) per 1-3 fl oz. For comparison, there are approximately 25-60 mg of L-Theanine per 200 ml serving of tea.¹³
- L-Theanine has been shown to have positive effects on human health, such as promoting a feeling of calm, immune system support, and potentially counteracting the effects of caffeine.^{12,13}

TriVita's **3 RRRs**

Reminders. Routines. Rewards.

Good habits are the key to a healthy lifestyle. But what does it really take to form new habits? Simply put, habits are learned behaviors that you repeat without even thinking about them. These automatic behaviors lead to either positive or negative outcomes. Some practices include brushing your teeth every morning and evening, looking both ways before crossing a street and using a turn signal while driving. There are probably tons of actions you perform throughout your day without a second thought.

You can apply this same automaticity to your overall health. Unhealthy habits such as drinking soda or watching TV to relieve stress can be replaced with new habits like drinking more water, meditating and being physically active.

Habit formation relies on consistency. Here is a basic breakdown of how habits are formed:

Reminders, also known as cues, tell your brain to go into “automatic mode” and perform a specific behavior. Such as, if you are trying to drink more water throughout the day seeing a water bottle on your desk or counter is a reminder to drink up.

Routines are the actual behaviors themselves. To continue with the example above, drinking from that bottle is the routine.

Rewards are the last step of this process. Rewards help reinforce the behavior (routine) and create the new habit. To use the water example, the reward for drinking water is quenching thirst and preventing dehydration.

Over time, as you automate your actions and form new habits, you’ll experience greater rewards, further encouraging you to stick to your new routines. Eventually, these will become ingrained in your lifestyle.

Omega3 Prime

Premium fish oil concentrate for brain, heart and joint support

Omega-3 fatty acids EPA and DHA are among the most important brain health nutrients. When we're young, omega-3s help brain development;¹ in later years they protect against cognitive decline;² and throughout our lives they optimize brain cells for healthy function.³⁻⁵

The problem? Most of us don't get enough EPA or DHA.⁶ Fish oil supplements can help, but the market is littered with inferior products that may be rancid and fishy (often masked by dark soft gels), low in potency or harvested from polluted waters.

Omega3 Prime contains premium golden fish oil concentrate that is carefully formulated to be:

Potent: 1,000 mg serving is concentrated in omega-3s: 670 mg EPA and 125 mg DHA

Convenient: Just two small, easy-to-swallow soft gels make omega-3s a breeze to take

Pleasant: Natural lemon-flavored soft gels—no fishy odor or aftertaste

Quality, every step of the way:

- Highly refined and pharmaceutically distilled to provide the most pure form of omega-3s
- Multi-level testing with traceability throughout our supply chain, all the way to the finished product
- High quality control standards that help ensure potency, limit fish oil oxidation, neutralizing fishy odor and aftertaste
- TriVita promotes sustainability to preserve the long-term health of oceans, by sourcing the omega-3 fish oil from *Friend of the Sea* suppliers. Friend of the Sea (FOS) is a registered non-profit non-governmental organization (NGO) that was founded in 2006 to conserve marine habitats and resources.

THIS PRODUCT IS ALSO GREAT FOR:

- CARDIOVASCULAR SYSTEM SUPPORT**
- HEALTHY INFLAMMATION SUPPORT**

Omega3 Prime™

#31320 ~~\$29.99~~

NOW \$23.99

*Offer expires 08-31-19, while supplies last.

Earn 96 VitaPoints!

Suggested use: Adults, as a dietary supplement take 2 soft gels daily.

Omega3 Prime™

Quantity: 60 soft gels **Serving size:** 2 soft gels

Amount per serving: Omega-3 Fish Oil 1,000 mg, EPA (Eicosapentaenoic Acid) 670 mg, DHA (Docosahexaenoic Acid) 125 mg, Omega-3 Other 205 mg.

Other Ingredients: Gelatin, glycerin, purified water, and lemon oil.

Stress *is a* **Brain Wreck!**

By Paul E. Bendheim, M.D.

You may be surprised to know that stress is actually essential to brain health. Neuroscientists have discovered that, in order to learn, we need a certain amount of short-term tolerable stress to stay sharp and grow our brains. But too much stress can be, well, too much.

In the brain, moderate, occasional stress promotes new cell generation. That's why the enjoyable stress of modest physical exercise benefits our brains. A certain amount of stress can actually improve your short-term memory. Stress in moderation is also conducive to overall health. For example, your immune system needs a form of stress to help it stay on guard to protect against infectious micro-organisms and cancer.

The basic stress response, fight or flight, is genetic. If it runs amok, however, or is turned on chronically, stress can damage memory formation and weaken the immune system.

STRESS DAMAGES MEMORIES, JUDGMENT

High, chronic stress levels are unhealthy and have been shown to impair memory and judgment. Chronic stress involves too much of the stress hormone cortisol circulating in the blood. One result is impaired production of brain growth factors, protein molecules that stimulate the growth of nerve cells and their cable-like connections with other brain cells.

Too much stress also affects the prefrontal cortex of the frontal lobes, the “executive center” of the brain. No wonder bad decisions at work or in our personal lives correlate with too much stress.

In short, chronic stress is a brain wrecker. It can also contribute to increased risk of heart attacks, high blood pressure, cancer and intestinal problems such as irritable bowel syndrome and ulcers.

“STRESS PRONENESS,” MEMORY AND ALZHEIMER’S

Dr. Robert Wilson and his colleagues in Chicago at the Rush Alzheimer’s Disease Center and Institute for Healthy Aging use stress proneness – a person’s tendency to suffer psychological distress in response to negative emotional events in life – in their research. Their study of about 800 75-year-olds found that stress-prone women were more likely than others to have impaired memory for real-life events.

Over the study’s period of almost 5 years, 140 participants were diagnosed with Alzheimer’s disease. Those who had high stress proneness had twice the risk of developing Alzheimer’s than those with low stress proneness or hardiness personalities.

What’s stressing you out? Is it mortgage troubles, pressure on the job, a bumpy relationship? The unending nature of human stress, if not managed in a healthy way, is what can damage our bodies and brains.

MAKE STRESS WORK FOR YOU

Take stock of the daily events that give you stress, and find a stress-management technique (exercise, meditation, counseling), that best suits your individual needs and personality, coping style and severity of your stress.

(Adapted from *The Brain Training Revolution: A Proven Workout for Healthy Brain Aging*. Paul E. Bendheim, M.D., published by Sourcebooks.)

By Paul E. Bendheim, M.D. is a board certified neurologist and founder and chief medical officer of BrainSavers,[®] an organization devoted to healthy brain aging.

Managing the Stress in Your Life: 4-STEP GUIDE

- 1** First and foremost, listen to your body. Frequent nervous-stomach sensations, recurrent tension headaches, muscle tension and soreness, especially in the neck and shoulders, and chronic fatigue can all be symptoms of stress.
- 2** Next, recognize that you are in a stressful situation or that your life has too much chronic stress. Admit that you feel stressed beyond your comfort zone. Each of us has a different threshold for stress and different tolerances. Often your spouse or one of your children will point out that you seem nervous, anxious or stressed. Listen to them.
- 3** Then (and this is usually the most difficult step), adjust your attitude. Give yourself a checkup from the neck up. Listen to your mind, and if it tells you it feels stressed, take it seriously and take steps to be your own healer. If you need help, get it from a spouse, friend, doctor, clergy or other trusted source.
- 4** Finally, take Adaptuit[™] (see page 7) daily. Adaptuit helps promote stress relief and well-being. Just 1 to 3 ounces a day will leave you feeling calm and relaxed.

LIVE STRONGER AND BOLDER AT ANY AGE™

WITH
MYOHEALTH®

Whether you're an older adult looking to increase your mobility and enhance your quality of life or a weekend warrior chasing a new personal best, we'd all like to build leaner, stronger muscle mass. Unfortunately, we don't always have the time to eat properly or get the amount of exercise we should.

**More energy. More vitality. More strength.
More mobility.**

To ensure every year is a great year, regardless of your age, TriVita has created an exciting new breakthrough in nutrition science—the MyoHealth® line. Initially developed to stop, restore and prevent muscle loss in astronauts and bedridden seniors, MyoHealth contains a perfectly blended mix of all nine Essential Amino Acids (EAA), which have been proven in human clinical trials led by Dr. Robert Wolfe to help support muscle strength and function by helping your individual muscle fibers work better.

As the first—and only—EAA complex to contain Dr. Wolfe's patented Essential Amino Acid formula, the EAA blend in MyoHealth represents a monumental

breakthrough in nutritional science. Amino acids play a key role in the synthesis of new protein, and each of the nine amino acids found in MyoHealth is needed to jumpstart the protein molecule process. That's important because **EAA can't be produced in the body. You can only get them through diet or supplements.**

There are 20 primary amino acids in your body's proteins, 9 of which are essential to your diet because your cells cannot manufacture them. These amino acids (histidine, isoleucine, leucine, lysine, methionine, phenylalanine, threonine, valine, and tryptophan) are known as Essential Amino Acids.¹

Over 20 years in the making, MyoHealth's formula was developed based on findings from the National Aeronautics and Space Administration (NASA), research funded by the National Institutes of Health (NIH) and 24 human clinical trials. The research was led by Dr. Robert Wolfe, a leading authority on amino acids, a renowned expert in the fields of nutrition and muscle metabolism and a record-setting amateur athlete.

What Members are saying:

“I’m 73 years old, and I started taking MyoHealth Essential Amino Acids about six months ago after listening to Dr. Wolfe’s testimony. I’ve renovated my own house, put in a fence in my backyard and I work with my daughters cleaning houses every day. It’s important for me to have the strength and endurance I need to continue doing the things I love and have always done no matter my age.”

– Pat A., Member since 2017

“I’m feeling stronger than ever and my immune system seems stronger, too. My legs are now hard and toned and I walk 3 miles or more everyday. I plan to continue taking MyoHealth and getting stronger and stronger.”

– Tessie A., Member since 2006

“Since starting on MyoHealth, I’m more active, my strength training and cardio exercise have improved and so has my energy!”

– Susan T., Member since 2000

“I am 63 and my strength was declining at a rapid pace. However, after receiving your Vegan lemonade powder I followed the instructions and added a simple but strenuous 35 minute workout routine. The results have been amazing and now my strength is increasing by leaps and bounds. Thank you so much and God Bless all who use this wonderful product.”

– William B., Member since 2017

“I played in the NBA for 10 years. I can speak from vast experience that after the 60-Day Challenge my wife and I have seen the change in my body. I have improved muscle mass, lost weight and have improved overall health with a good diet, exercise and MyoHealth. My wife is now taking MyoHealth as well.”

– John B., Member since 2017

MyoHealth is essential for life, clinically proven to work, and guaranteed to help you perform or your money back!

Build stronger, leaner muscles and keep it that way!

What's so important about Essential Amino Acids?

- Muscle is the main reservoir of amino acids in the body¹
- Muscle needs protein to grow, but the body cannot produce protein on its own
- Essential Amino Acids are the cellular building blocks of protein¹
- Muscle is always in a state of breakdown and synthesis, or “turnover,” which is an important process to get rid of old damaged muscle fibers and replace them with new healthy fibers¹
- Muscle serves many important metabolic functions beyond supporting physical movement

MyoHealth contains the first U.S. patented Essential Amino Acid (EAA) complex that includes all 9 EAAs. But it wasn't easy getting there. The formula behind our Essential Amino Acid Complex took 30 years to develop, cost over \$20 million in research and development and underwent 24 human clinical trials, including NASA space flight and patient bed rest studies.

Quantity: 180 g (6.35 oz) Serving size: 1 scoop (6 g)

Amount per serving: Patented Amino Acid Blend 3.6 G**: BCAA 2:1:1 (L-Leucine, L-Isoleucine, L-Valine), L-Lysine HCl, L-Leucine, L-Arginine, L-Threonine, L-Phenylalanine, L-Methionine, L-Histidine, L-Tryptophan.

Other ingredients: Citric acid, natural flavor, malic acid, potassium chloride, stevia extract, sodium citrate.

**Reginator® - US Patent #9,364,463

– Larry Kerychuk,
former pro football player
and MyoHealth fan

MyoHealth Results:

“My health kept getting worse, and it was pathetic the way I was living. But I tried the MyoHealth product, and it changed my life. I started working out consistently for the first time in years, and I can’t believe that at my age I have more muscle mass than when I played pro football.”

MyoHealth® Essential Amino Acid Complex - Vegan Capsules

- Clinically proven to support muscle strength and function while decreasing muscle loss
- GMO free, no fillers, additives or preservatives
- GRAS certified EAA blend
- Contains the perfect balance of all nine essential amino acids to help your body synthesize protein and optimize your muscle health

MyoHealth Vegan Capsules

#30840 **\$49.99**

Earn 200 VitaPoints!

Suggested use

Take five (5) MyoHealth capsules daily between meals or 30 minutes before or after your exercise. Additional capsules may be taken with increased exercise.

While it typically takes 4-6 weeks to see results, we recommend loading up on extra capsules during the preliminary phase to bring your body up to speed sooner.

**PERFECT
FOR
MYOHEALTH
ON-THE-GO!**

Other ingredients: hypromellose, magnesium stearate, and silica.

Be honest.

**When was the last time you
*really talked with
someone* about your
personal wellness?**

Athletes have coaches. Musicians have coaches. Just about every professional has someone who helps guide them on their journey to achieving their goals.
And so can you!

Wellness coaches focus on helping you recognize and achieve what you want out of life. They help you overcome challenges and set you on the path to greater wellness. **They don't simply tell you what to do, they help you discover ways to do what you desire to do**—whether it's dealing with relationships, loneliness and loss, stress management, productivity, fatigue and insomnia, nutrition and weight management, or general body system support.

TriVita's Wellness Coaches can provide you with a personalized plan that helps you achieve your personal health and wellness goals!

**Call or email today for your
FREE 30-minute consultation
with one of our experienced
and friendly wellness coaches.**

TRIVITA'S 3-IN-1 SLOW DISSOLVE

B-12

THE TINY PINK PILL THAT PACKS A PUNCH

B Vitamins are a group of nutrients that are instrumental in maintaining important metabolic and physiologic functions.

YOUR BODY NEEDS VITAMIN B12 TO SURVIVE

Vitamin B12 is an essential vitamin. That means your body cannot produce it on its own and must absorb it through regular intake from diet and supplements.

BENEFITS OF VITAMIN B12

Optimal levels of Vitamin B12 help support:

- Red blood cell formation and may prevent anemia^{1,2}
- Bone health and may prevent bone degeneration¹
- Vision and reduce risk of macular degeneration in aging people¹
- Improved mood¹
- Brain health and promotes healthy neurons¹
- Energy¹
- Normal function of nerve cells¹
- Normal homocysteine and cardiovascular health^{1,2}

References:

1. <https://www.healthline.com/nutrition/vitamin-b12-benefits>
2. <https://ods.od.nih.gov/factsheets/VitaminB12-HealthProfessional/>

SIGNS OF VITAMIN B12 DEFICIENCY:

- Weakness and fatigue^{1,2,3}
- Sensation or tingling in hands and feet^{1,2,3}
- Changes in mobility and balance^{1,2}
- Shortness of breath or dizziness when exerting³
- Blurred vision³
- Mood swings and irritability³
- Constipation^{2,3}
- Loss of appetite^{2,3}
- Poor memory^{1,3}
- Soreness in mouth or tongue²

References:

1. <https://www.health.harvard.edu/blog/vitamin-b12-deficiency-can-be-sneaky-harmful-201301105780>

3. <https://www.webmd.com/diet/vitamin-b12-deficiency-symptoms-causes#2>

VITAMIN B6—AN UNSUNG HERO

Vitamin B6 is an important compound that helps your body carry out over 100 critical processes that help maintain good health.

BENEFITS OF VITAMIN B6

Optimal levels of Vitamin B6 help support:

- Improved amino acid metabolism¹
- Protein synthesis¹
- Brain health with cognitive development through biosynthesis of neurotransmitters¹
- Normal homocysteine levels in the blood supporting cardiovascular health¹
- Immune health¹

Reference:

1. <https://ods.od.nih.gov/factsheets/VitaminB6-HealthProfessional/?print=1>

SIGNS OF VITAMIN B6 DEFICIENCY:

- Microcytic anemia¹
- Scaling on lips^{1,2}
- Cracks in the corner of the mouth^{1,2}
- Depression, confusion and weakened immune function³
- Irritability³
- Abnormally acute hearing¹
- Poor memory³

Reference:

1. <https://ods.od.nih.gov/factsheets/VitaminB6-HealthProfessional/>
2. <https://pi.oregonstate.edu/mic/vitamins/vitamin-B6>
3. <http://pennstatehershey.adam.com/content.aspx?productId=107&pid=33&gid=000337>

YOUR GO-TO HEALTH ESSENTIAL

Vitamin B9, commonly known as folate or folic acid, is essential to human growth, development and long-term health.

BENEFITS OF FOLATE (VITAMIN B9)

Optimal levels of folate help support:

- Synthesis of new genes and cells during growth and healing process¹
- Repair to damaged genes²
- Healthy aging process³
- Reduced risk of birth defects¹
- Red and white blood cell formation in bone marrow⁴
- Converting carbohydrates into energy²
- DNA and RNA production¹

References:

1. <https://ods.od.nih.gov/factsheets/Folate-HealthProfessional/>
2. <http://www.jhrr.org/article.asp?issn=2394-2010;year=2014;volume=1;issue=1;spage=5;epage=9;aualast=Mahmood>
3. <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC1123448/>
4. https://www.hopkinsmedicine.org/healthlibrary/conditions/hematology_and_blood_disorders/anemia_of_folate_deficiency_85,P00089

Signs of low levels of folate (Vitamin B9) are more difficult to detect, which is why it's important to work with your healthcare provider.

POSSIBLE SIGNS OF FOLATE DEFICIENCY:

- Accelerated aging in skin, joints, muscles, other systems and organs¹
- Low energy¹
- Impaired healing process¹

References:

1. <http://www.jhrr.org/article.asp?issn=2394-2010;year=2014;volume=1;issue=1;spage=5;epage=9;aualast=Mahmood>

An associate of two-time Nobel Prize Laureate Dr. Linus Pauling, Alfred Libby pioneered the B12 delivery system that delivers B12 under the tongue right into the bloodstream.

Alfred Libby's Original Patented B-12 & Super B-12

Essential vitamin support for energy, mental clarity and focus

Why our formula matters

Alfred Libby's Slow Dissolve B-12 Tablets were formulated with his patented technology that enhances the absorption of these critical nutrients.

While chewing and swallowing Alfred Libby's Slow Dissolve Tablets might be tempting given their sweet taste, it is crucial to their effectiveness that you allow them to dissolve completely under the tongue. You'll still get the great taste, plus the full benefit of these nutrients... his patented slow dissolve process helps to make sure you get the B12 you need when you need it!

Formulation features:

Alfred Libby's Slow Dissolve B-12

- 1,000 mcg of B12
- Includes Vitamin B6
- No artificial preservatives
- 100% DV of folic acid
- Original berry flavor

Alfred Libby's Slow Dissolve Super B-12

- 3,000 mcg of B12
- Includes Vitamin B6, folic acid, biotin and ginseng
- No artificial preservatives

THIS PRODUCT IS ALSO GREAT FOR:

 **CARDIOVASCULAR SYSTEM SUPPORT**

 **BRAIN & NERVE HEALTH SUPPORT**

Suggested Use: Adults and children over 10, take 1 slow dissolve tablet daily or as directed by a healthcare professional. Let dissolve in mouth or under tongue; do not swallow whole.

Alfred Libby’s Slow Dissolve B-12 Tablets

Quantity: 30 tablets **Serving size:** 1 tablet. For best results we suggest 3 tablets a day for the first 10 to 14 days. After that, take at least 1 to 2 B-12 tablets daily.

Amount per serving: Vitamin B6 (as pyridoxine HCl) 5 mg, Folate (as folic acid) 400 mcg, Vitamin B12 (cyanocobalamin) 1000 mcg, Biotin 25 mcg.

Other ingredients: Sorbitol, mannitol, stearic acid, silica, magnesium stearate, natural flavor, stevia leaf extract, alphaketoglutaric acid, sodium starch glycolate.

Alfred Libby’s Slow Dissolve Super B-12 Tablets

Quantity: 30 tablets **Serving size:** 1 tablet

Amount per serving: Vitamin B6 (Pyridoxine HCl) 5 mcg, Folic Acid 50 mcg, Vitamin B12 (Cyanocobalamin and Methylcobalamin) 3000 mcg, Biotin 25 mcg, L-Ornithine Alpha Ketoglutarate 25 mcg, Cocosin (cocos nucifera) (tender coconut water) 5 mg, Ginseng Powder (root) 5 mg.

Other ingredients: Sorbitol, mannitol, fructose, stearic acid, silica, magnesium stearate, malic acid, natural flavor, calcium sulfate and hydroxypropyl cellulose.

INFLAMMATION... Why should I care? about it.

Inflammation isn't just a trendy topic or an inconsequential fact of life. Inflammation is necessary, yes; but chronic inflammation can do more than cause minor aches and pains.

It can rob you of your vitality, health, and ultimately suck the joy out of life.

Protect yourself from being shortchanged by debilitating inflammatory responses and take control of your health. You have the power to live with energy, vitality, and true wellness.

SIGNS *&* SYMPTOMS

Symptoms of inflammation can vary depending on whether the reaction is acute or chronic. Learn the ten most identifiable symptoms of inflammation.

1 *Pain*

Chemicals that stimulate nerve endings are released making the area more sensitive. The brain signals that something is out of balance or abnormal. Pain can occur in the chest, abdomen, joints, or muscles. Lingering, unexplained, and random pain is a lead indicator.

2 *Loss of Mobility*

Stiffness, soreness, or loss of function in the area inflamed is a common sign.

3 *Swelling*

A buildup of fluid can result in swelling or puffiness.

4 *Heat*

An inflamed area may feel warm to the touch, or fever may develop as the result of more blood flowing to the area.

5 *Redness*

Capillaries in the inflamed area begin to fill with more blood.

6 *Fatigue*

Studies show that inflammation interacts with the brain and nervous system in ways that cause decreased energy levels and fatigue.

7 *Digestive Issues*

Signs of poor digestion or digestive problems include gas, bloating, constipation, diarrhea, and acid reflux. These can be caused by an imbalance of the bacteria in the intestines as a response to inflammation.

8 *High Blood Glucose*

Research suggests that high levels of inflammation can alter how your body reacts to insulin and contributes to type 2 diabetes.

9 *Gum Disease or Infections*

Gum disease, or gingivitis, is inflammation of the gums. In early stages, bacteria builds up resulting in inflamed gums and can advance to periodontitis.

10 *Brain Fog or Memory Lapse*

One of the most common symptoms of brain inflammation is fuzzy thinking, disturbances mood, and memory function.

References:

- 1 <https://www.healthline.com/health/chronic-inflammation#effects-on-the-body>
- 2 <https://www.ncbi.nlm.nih.gov/books/NBK493173/>
- 3 <https://www.medicalnewstoday.com/articles/248423.php>
- 4 <https://www.ncbi.nlm.nih.gov/books/NBK279298/>

WHY DOES INFLAMMATION CREATE PHYSICAL DISCOMFORT?

The feeling of discomfort, distress, stiffness, pain, and even agony is common depending on the severity of inflammation. The type of discomfort may vary from constant, steady, throbbing, pulsating, stabbing, or pinching.

Inflammation-related discomfort primarily occurs because of swelling in the area pushing against the nerve endings sending signals to the brain all is not well. There are even other biochemical processes that may occur during inflammation affecting how the nerves behave which can enhance pain.

IDENTIFYING HEALTHY ACUTE INFLAMMATION AND UNHEALTHY CHRONIC INFLAMMATION

Acute inflammation is a healthy immune response triggered by harmful bacteria, some toxins, or injury. This response protects and improves the healing process by releasing antibodies, proteins, and increased blood flow to the affected area. Acute inflammation is associated with a rapid onset and can last a few days or even weeks.

Chronic inflammation is generally caused by pathogens the body cannot breakdown, including viruses, foreign organisms such as toxins that remain in systems and organs, or an overactive immune response. The onset is slow with a duration of months or years creating tissue death, thickening, and scarring. Long term inflammation can lead to diseases, accelerating aging, and even death.

WHAT CAN I DO TO HELP MANAGE HEALTHY INFLAMMATION?

1 FOODS TO EAT

One of the most powerful ways to combat inflammation is through a healthy, balanced diet. Dr. Frank Hu, professor of nutrition and epidemiology in the Department of Nutrition at the Harvard School of Public Health says, “Many experimental studies have shown that components of foods or beverages may have anti-inflammatory effects.”

Eat more foods like:

- Leafy Greens – Kale, spinach, arugula
- Fatty Fish – Salmon, tuna, mackerel
- Olive Oil
- Nuts – walnuts, almonds, pistachios
- Fruits – Blueberries, strawberries, cherries
- Tomatoes

3 PHYSICAL EXERCISE

There’s a growing body of research showing that inflammation-related diseases can be treated through physical exercise rather than pharmacology. And you don’t need to spend hours in the gym to see results. Just

For educational purposes only.

2 FOODS TO AVOID

If you have chronic inflammation or want to avoid increasing inflammation levels, there are certain foods you should absolutely avoid!

Eat less of these foods:

- Refined Carbs – White bread, pastries, crackers
- Fried Foods – French fries, chips
- Sugar – Table sugar, high-fructose corn syrup, and sugar-containing foods and drinks like candy and soda
- Processed or Convenience Foods – Frozen meals, fast food, cookies, processed meats

Reference:

<https://www.health.harvard.edu/staying-healthy/foods-that-fight-inflammation>

keep moving with moderate daily exercise alongside a balanced anti-inflammatory diet, and you’re on your way to healthy aging with more wellness and less illness!

Nopalea

Healthy inflammation support from the Sonoran superfruit

Boost your immune system!

Since we first introduced it nearly ten years ago, Nopalea has been a top product and for a good reason! Nopalea is a delicious, nutrient-dense drink originating from the fruit of the Nopal cactus (also known as prickly pear) found in the Sonoran desert. The superfruit contains potent antioxidants called Betalains that restore your body's vitality at a cellular level.

With daily use, Nopalea may help your body:

- Support the normal and essential anti-inflammatory function performed by the immune system
- Reduce inflammation
- Detoxify
- Promote cellular health

"I had joint discomfort and stiffness, but Nopalea has improved my mobility and allowed me to be much more active. Getting down on the floor, standing up and going up and down steps is so much easier with Nopalea."

- Gloria J.,
Member since 2012

Suggested Use: For maintenance, drink 1 ounce daily. May be mixed with water or your favorite beverage.

When taking Nopalea for the first time, drink 3 ounces in the morning and 3 ounces in the evening for 60 days. May be mixed with water or your favorite beverage. Keep refrigerated.

Nopalea™

Quantity: 32 fl oz **Serving size:** 1 fl oz (30 ml)

Ingredients: Proprietary Blend Total 10.1 g: Nopal Fruit Puree (*Opuntia ficus indica*), Beet Juice Powder (*Beta vulgaris*), Cranberry Powder (*Vaccinium macrocarpon*), Papaya Powder (*Carica papaya*), Orange Juice Powder (*Citrus sinensis*), Tomato Powder (*Lycopersicon esculentum*), Strawberry Powder (*Fragaria ananassa*), Apple Powder (*Malus pumila* Mill.), Guava Powder (*Psidium guajava*), Peach Powder (*Prunus persica*), Mango Powder (*Mangifera indica*), Apricot Powder (*Prunus armeniaca*), Acerola Berry Powder (*Malpighia glabra* L.), Red Raspberry Powder (*Rubus idaeus*), Kiwi Powder (*Actinidia chinensis*), Lemon Juice Powder (*Citrus limon*), Pomegranate Powder (*Punica granatum*), Bilberry Fruit Extract (*Vaccinium myrtillus*), Grape Seed Extract (*Vitis vinifera*), Green Tea Leaf Extract (*Camellia sinensis*).

Other Ingredients: Purified Water, Agave Nectar, Ascorbic Acid, Beet Root Powder, Natural Flavor, Potassium Sorbate (to protect freshness), Xanthan Gum, Stevia Leaf Extract, Guar Gum, and Fruit and Vegetable Juice (for color).

What Members are saying:

“If it was not for Nopalea, I don't know if I would be able to care for my disabled daughter. It helps me, help her!”

– Gail F., Member since 2001

“After a short time of taking Nopalea, I was able to do things I hadn't been able to do for a whole year.”

– Joan C., Member since 2011

“I've played golf most of my life. Around 2012 I had to quit playing due to inflammation in my body. After taking Nopalea, I'm now back on the course again. Since my health has improved, I'm having fun trying to do the same for my game!”

– Paul W., Member since 2013

“I suffered a knee injury a while ago and was already taking Nopalea at the time. My knee (and the rest of my leg) never got swollen. My doctor told me that swelling is normal during recovery and was amazed that I didn't have any. My recovery time was quick, and when he asked about it, I told him it was the Nopalea.”

– Doreen C., Member since 2005

“I had back and shoulder issues, so a co-worker recommended Nopalea. Now I feel good and will keep using it!”

– Maud M., Member since 2016

“I've been taking Nopalea for years. I love this product! If you give it a chance, it works!”

– Margaret W., Member since 2011

“Thank you, TriVita, for this remarkable product. It's the only one on the market that really works!”

– Dennis D., Member since 2006

Premier | MEMBERSHIP

WELCOME TO THE PREMIER MEMBERSHIP REWARDS PROGRAM!

As a member, you can now start earning VitaPoints to help save money on your favorite products—and even receive products for FREE!

- 1 Share and earn \$20 when you give a FREE gift card** – Send a \$20 VitaPoint gift card to friends and family for free, and receive \$20 in VitaPoints in return when they activate their card. Plus, you'll earn 5X VitaPoints on their first purchase and every purchase they make for the life of their account. See page 44 for more information.
- 2 Earn double VitaPoints with Auto Replenishment Program (ARP)** – ARP orders are sent to you automatically, once per month, and guaranteed at the lowest advertised price. **Did we mention DOUBLE VITAPOINTS (8%) on your entire order?** There is no obligation, and you can cancel or change your order at any time.
- 3 Earn VitaPoints on Personal product purchases** – You automatically receive points equal to 4% of the total value of your purchase on every product purchase you make.
- 4 MegaBonus VitaPoint promotions** – Earn extra VitaPoints wherever you see the MegaBonus logo. 
- 5 Exclusive offers** – Along with **FREE standard shipping on all orders over \$89**, as a Premier Member you're also eligible for exclusive offers.

Premier Membership is free and makes buying TriVita products more affordable. VitaPoints are redeemable online or by phone. To check your VitaPoints balance, either visit TriVita.com, sign in and click on **My Account**, call priority customer service at **855-383-0238** or check your latest **TriVita invoice**.

VitaPoints are calculated on the product total after any reductions are applied. You may use VitaPoints as you earn them or let them accrue for up to 12 months from date of issue.

How would your life change with a **better, brighter mood** and **improved focus and concentration**

According to Mental Health America, 1-in-5 adults have a mental health condition, and millions are searching for natural solutions and lifestyle choices that can help support a brighter mood, and improve their concentration and overall cognitive function.

Your mental and emotional health affects every aspect of your life. Relationships, self-esteem, productivity and even your physical health are strongly linked to your mood and vice versa. It's important to understand how to properly take care of your brain and mind for a fulfilling and healthy life.

With ongoing daily use, NeuroShine supports better mood and brain health

- **Bacopa Monnieri** has been used in traditional Ayurvedic medicine for centuries to promote memory and longevity¹
- **Vitamin B5** supports overall energy production, is needed for the synthesis of some essential nutrients and is critical for the production of some hormones and neurotransmitters²
- **Lithium Orotate**, a specific form of lithium, delivers all the benefits of lithium without the risk of dangerous side-effects due to its increased bioavailability over other products on the market⁴
- Unlike pharmaceutical lithium, Lithium Orotate is effective in extremely small amounts (500 mcg)³

Feel Better & Brighter with One Capsule Per Day!

“I’ve been taking NeuroShine for two weeks. I’ve noticed a big difference in my mood. When I talk with people, I feel less blunt and happier overall.”

– Doris Q., Member since 2009

“I am at an age where I forget a lot. NeuroShine has helped greatly. My memory is better and I’m not as frustrated to find the right words to say.”

– Joan S., Member since 2012

“Since taking NeuroShine, my mother has shown improvements in her ability to focus.”

– Donna E., Member since 2004

“I’m 79 and NeuroShine makes me feel sharper and my brain feels more awake.”

– Judith H., Member since 2006

“I think the NeuroShine is a fabulous product and I’ve seen some wonderful results within the first month of using it. I’ve especially noticed a big difference in my mood, along with better focus and concentration. I’m getting some for my family members because I feel they will benefit from it, too!”

– Julie E., Member since 2011

CoEnzyme Q-10

Premium potency for cardiovascular wellness and healthy heart support

CoEnzyme Q-10 (CoQ-10) is an important “bioenergetic antioxidant” that’s concentrated in the heart. The natural aging process may deplete CoQ-10, potentially leading to low CoQ-10 status. Statin drugs may also deplete CoQ-10. This “CoQ-10 drain” may affect your heart: Low CoQ-10 has been linked to diminished cardiac energy and cardiovascular health concerns.¹⁻⁴

TriVita CoQ-10 may address these heart health concerns because it helps to replenish what statin drugs and aging may have taken away.⁵ By correcting your CoQ-10 status, you may promote this unique nutrient’s diverse range of cardio-supportive biological activities:

- CoQ-10 is necessary in adequate amounts for heart energy metabolism⁶
- CoQ-10 is a cardiovascular antioxidant that helps protect the heart and blood vessels⁷
- CoQ-10 supports the function of the blood vessel linings, potentially helping with circulation⁸
- CoQ-10 may help maintain heartbeat stability and the heart’s blood-pumping efficiency⁹
- CoQ-10 may help to maintain blood pressure that’s already within normal range¹⁰

Supplying 50 mg of quality CoQ-10 in each easy-to-swallow soft gel, TriVita CoQ-10 is a convenient way to help contribute to the CoQ-10 status that’s associated with healthy cardiovascular function.

“I just love TriVita’s CoEnzyme Q-10! I feel much better during the day. Thank you TriVita!”

- Nancy S.,
Member since 2003

Energy Now!

Natural nutritional support for the jitter-free energy you need

Energy Now's unique blend of amino acids, polyphenols, botanicals and more combine to help spark clean, refreshing energy you can feel.

Green tea extract: Rich in catechin polyphenol antioxidants, green tea may stimulate energy metabolism and optimize energy utilization.¹⁻³

Cocoa bean extract (seed): The fourth-richest dietary source of polyphenols known, cocoa also supplies active theobromine, which is tied to revitalizing effects.⁴

L-Phenylalanine & L-Tyrosine: Amino acids the body uses as "building blocks" to make brain chemicals associated with exercise and physical activity.⁵

Dimethylglycine HCl (DMG): Amino acid that may promote healthy oxygen utilization in tissues; popular for physical performance support.⁶

Trimethylglycine HCl (Betaine): Boosts blood DMG levels and helps balance stomach acids to promote efficient energy metabolism of macronutrients.⁷

Taurine: Amino acid found in the body's high-energy tissues, where it helps mitochondria to generate cellular power.⁸

Coenzyme Q-10: Necessary for mitochondria to convert macronutrients into sustained ATP energy. CoQ-10 declines with age and statin drug use.⁹

PLUS:

B vitamins for foundational energy metabolism support and Vitamin C to help optimize blood antioxidant status.

"I take Energy Now about one hour prior to riding my bike every morning to support my energy level. It makes a big difference!"

Joint Complex

Maximum joint nourishment to support a more mobile, flexible you

Joint Complex features some of the most important joint health nutrients in a combination designed to promote mobility in many ways, with a leading joint-support trio:

Glucosamine: A raw material for cartilage repair and regrowth; also signals the body to make new cartilage and helps enhance joint lubrication.^{1,2}

Chondroitin: Found in connective tissues, chondroitin attracts water like a magnet—helping “shock-absorbing” cartilage to stay plump, hydrated and cushy.^{3,4}

MSM: This organic sulfur is a key structural nutrient found in healthy cartilage.⁵

Joint Complex enhances this trio with herbal joint soothers, including:

Boswellia: Ayurvedic tree resin shown to support joint comfort.⁶

Turmeric: Supplies antioxidant curcumin; helps protect joint cartilage.^{7,8}

Cat’s claw: Amazonian herb traditionally used to support joints.^{9,10}

PLUS:

Collagen Type II: The most abundant protein found in connective tissues, this collagen is concentrated in cartilage, where its fibrous structure supports strength and flexibility.¹¹

Take Joint Complex daily to help rejuvenate your joints—and reclaim the free-and-easy mobility that unlocks peak quality of life.

DID YOU KNOW?

Stiff joints can make it hard to lead an active life. The right nutrients may help renew cartilage, lubricate joints and support flexibility—so you can enjoy your life to the fullest.

Promeric 95

Formulated with turmeric for natural joint comfort and support

Does joint stiffness limit your mobility and disrupt everyday life? You don't have to accept this as inevitable: Now there's Promeric 95—**formulated with turmeric!**

A plant used in traditional Ayurvedic and Chinese medicine to relieve joint discomfort, turmeric is still used as an anti-inflammatory agent in modern, traditional and folk use.^{1,2} Modern in vitro studies have found that turmeric exhibits antioxidant and anti-inflammatory properties, including the inhibition of joint inflammation.¹

Made from premium turmeric root extract

Promeric 95's premium turmeric root extract has a total 95% curcumin with essential oils from turmeric rhizome for maximum absorption. Curcumin imparts most of turmeric's therapeutic properties. Each serving provides:

- 500 mg total curcuminoids
- Non-GMO turmeric extract
- Small, easy-to-swallow soft gels
- No allergens

Many turmeric supplements are large and difficult to absorb. Promeric 95 soft gels are smaller than typical pills and contain essential oils naturally present in the turmeric plant; this combination of essential oils and turmeric helps aid absorption.

In one study, the turmeric extract used in Promeric 95 was up to seven times more bioavailable than unformulated curcumin. Residual curcumin was detected in the blood eight hours after ingestion.³

"My knee was aching, but only one week after I began taking Promeric 95, I noticed a big difference. I highly recommend Promeric 95!"

VisionGuard

Advanced vision formula to help you see life more clearly

VisionGuard starts with FloraGLO® lutein (10 mg) and zeaxanthin (2 mg): Botanical antioxidants that support vision health,^{1,2} but decline in our eyes with age.³

These two key antioxidants:

- Migrate naturally to the eyes, settling in the lens, macula and “high-definition” fovea.⁴
- Act as internal sunglasses, filtering and absorbing the sun’s macula-damaging UV rays.^{5,6}
- Replenish macular pigment, a protective retinal layer tied to crystal-clear vision.^{7,8}

VisionGuard extends the antioxidant network with additional eye-supportive botanicals:

Bilberry: Traditional eye health fruit concentrated into a 4:1 extract.⁹

Black currant: Supplies antioxidant anthocyanins and polyphenols.

Grapeseed: Standardized to 80-85% OPCs: Antioxidants tied to glare recovery.¹⁰

PLUS: Antioxidants alpha lipoic acid (ALA), N-Acetyl-L-Cysteine, Vitamin C, natural Vitamin E and zinc.

Why does VisionGuard use FloraGLO® lutein?¹¹

FloraGLO is the most clinically researched lutein brand in the world, as well as the brand most trusted by doctors. A perfect choice for VisionGuard, FloraGLO promotes vision health by:

- Helping defend the eye from free radicals
- Potentially reducing the effects of aging
- Helping protect vision by absorbing harmful UV rays
- Increasing the retina’s protective macular pigment
- Reducing sensitivity to glare and blindingly bright light

VisionGuard™

#30572 **\$29.99**

Earn 120 VitaPoints!

Suggested use: Adults, take 2 capsules daily with food. Alternatively, adults take 1 capsule in the morning and 1 capsule in the evening, with food.

VisionGuard™

Quantity: 60 capsules **Serving size:** 2 capsules

Amount per serving: Vitamin C (as ascorbic acid) 300 mg, Vitamin E (as d-alpha-tocopheryl succinate) 100 IU, Zinc (as zinc citrate) 25 mg, Selenium (as selenomethionine) 35 mcg, Copper (as copper gluconate) 1 mg, Lutein [from Aztec marigold (*Tagetes erecta*) extract (FloraGLO®)] 10 mg, Zeaxanthin [from OptiSharp™ Zeaxanthin & Aztec marigold (*Tagetes erecta*) extract (FloraGLO®)] 2 mg, Bilberry fruit 4:1 extract 100 mg, Black currant fruit puree & juice powder 50 mg, Grape seed extract (80-85% oligomeric proanthocyanidins) 25 mg, Alpha-Lipoic acid 50 mg, Rutin 25 mg, Quercetin dihydrate 25 mg, Taurine 100 mg, N-Acetyl-L-Cysteine 20 mg, Glycine 10 mg.

Other ingredients: Gelatin, vegetable magnesium stearate and silica.

Nerve Formula

The perfect diet supplement to help support proper nerve function

Supporting far more than just our sense of touch, the nervous system is our control center and communication network—enabling sharp mental clarity, carefree physical activity and whole-body harmony. The right nutrition can help to optimize this important system.

Broad-spectrum nervous system support

Nerve Formula starts with a balanced serving of A, C and E vitamins; B-complex vitamins; and essential minerals like zinc, copper and magnesium—important nutrients for overall nervous system health. Nerve Formula builds on this foundation of “neuronutrients” (dietary components that support the nervous system) with Nerve Preserve™: an advanced blend designed for more targeted nerve concerns.

Nerve Preserve features:

Acetyl L-Carnitine: Supports nerve fiber regeneration and helps maintain nerve comfort.¹

L-Taurine: Helps maintain nerve-to-nerve communication and nerve membrane integrity.²

Alpha lipoic acid: “Universal Antioxidant” helps protect nerves from negative effects of free radicals (damaging molecules).³

Lecithin & phosphatidylcholine: Helps support neurotransmitters, important for memory and cognitive function.⁴

Supplying both basic and breakthrough neuronutrients, Nerve Formula is designed to help support nervous system care.

“Nerve Formula helps me manage my foot neuropathy.”

- Willie A.,
Member since 2010

MyFloraDaily Prebiotic

Prebiotics feed the good bacteria in the gut

Perhaps no other body function is taken more for granted than the gastrointestinal (GI) tract. Yet if your digestive system is unable to properly break down food into nutrients, the rest of the body starts to go downhill in rapid succession.

While taking MyFloraDaily Probiotic helps keep your gut in good working order, you should also be supplementing your diet with high quality MyFloraDaily Prebiotic to give your gut the food it needs to feed the good bacteria that live in your stomach.

Organic, non-GMO MyFloraDaily Prebiotic consists of a combination of natural non-digestible fibers that are specifically utilized by healthy intestinal bacteria. This mixture makes MyFloraDaily Prebiotic vitally important for maintaining lower GI tract balance, good bacteria levels, a strong immune system and overall balanced digestive health. And all it takes is 2 (two) 1,250 mg. capsules a day.

- MyFloraDaily Prebiotic is a gentle fiber and easily tolerated compared with other fibers. The body itself does not digest these plant fibers. Instead, it uses them to promote the growth of good bacteria in the gut. The health benefits of dietary fiber have long been appreciated, and higher intakes have been linked to less cardiovascular disease.
- Other prebiotic fibers require much larger doses to show the same benefits as MyFloraDaily Prebiotic.

Why do I need a prebiotic if I'm already taking a probiotic?

It's easy to get prebiotics and probiotics confused, but each play a different and equally important role in promoting digestive health. The most important thing to remember is that probiotics contain live bugs (bacteria), while prebiotics contain no bugs; they simply create the ideal conditions for the gut bugs that already exist to grow and multiply. And more healthy bacteria means you digest food more efficiently.¹

MyFloraDaily Prebiotic

#30880 **\$19.99**

Earn 80 VitaPoints!!

Suggested use: Adults, take one capsule, once or twice daily, or as directed by your healthcare professional.

PREBIOTICS

- Are a special form of dietary fiber that acts as a fertilizer for the good bacteria everyone already has in their gut
- Improve the good-to-bad bacteria ratio, which has a direct correlation to your mental health and overall well-being²
- Prebiotic powders are not affected by heat, cold, acid or time

MyFloraDaily Prebiotic

Quantity: 60 capsules **Serving size:** 2 capsules

Amount per serving: Prebiotic Complex, 1,250 mg: Fructo-oligosaccharides chicory with organic blue agave inulin.

Other ingredients: Vegetable cellulose, vegetable stearic acid, silica and microcrystalline cellulose.

MyFloraDaily Probiotic

Probiotics are tiny health-promoting organisms in the gut

The gastrointestinal tract is the most exposed human habitat to the external environment. Every day, thousands of microorganisms and compounds derived from the digestive process come in contact with it, making the role of the gut as a protective barrier to pathogens essential.¹

In order to maintain healthy digestion, you need to supplement your diet with a probiotic. MyFloraDaily helps support intestinal/gastrointestinal health, promotes a diverse and balanced gut microflora, may help with occasional diarrhea and supports overall immune health.²⁻⁷

Make MyFloraDaily your probiotic

- MyFloraDaily contains one of the most clinically studied probiotic strains, *Lactobacillus GG*, a highly resilient strain that is able to survive through the GI tract and adhere to the intestinal mucus and epithelial walls. This allows for an extended, controlled release of probiotic strains in the small and large intestine.
- MyFloraDaily is formulated with patented bio-tract technology *for maximum absorption.*
- TriVita guarantees **10 billion Colony Forming Units** (CFU - how many good bacteria are in each capsule) in every dose at the time of manufacture and 5 billion at the one year expiration date.
- While many competitive probiotic brands need to be refrigerated to maintain the number of probiotic strains, **MyFloraDaily is shelf stable.**
- MyFloraDaily is allergen-free (no milk, eggs, fish, shellfish, nuts, wheat or soy).

PROBIOTICS⁸

- Are live bacteria found in yogurt, dairy products and pills
- There are hundreds of probiotic species, all of which must compete with each other in your gut to survive
- Must be kept alive, but are susceptible to heat, stomach acid and age

MyFloraDaily Probiotic

#30830 **\$39.99**

Earn 160 VitaPoints!

Suggested use: Adults, take one caplet, once or twice daily, or as directed by your healthcare professional.

Prostate

Advanced formula for urinary comfort and prostate protection

Prostate Health Formula is formulated to combine the beneficial activities of top prostate support nutrients—bringing you reliable, broad-spectrum support for urinary comfort and prostate function.

Saw Palmetto may influence the enzymes that regulate prostate changes.^{1,2}

Lycopene is a red plant pigment with antioxidant activity that may protect and maintain the prostate.^{3,4}

Beta sitosterol supplies a mixture of plant sterols shown to help promote urinary comfort.⁵

Stinging nettle helps to soothe the prostate and supports comfortable urinary flow.

The following adult screening tests and frequency for men are recommended by the U.S. Preventive Services Task Force (USPSTF) based on solid scientific evidence.⁶

The USPSTF has recommended against Prostate Specific Antigen (PSA) blood test screen. There is insufficient evidence to recommend for or against Osteoporosis screening in males. Talk with your healthcare professional about any personal concerns you may have.

SCREENING	FREQUENCY
AAA (abdominal aortic aneurysm)	Once after age 65
Blood pressure	Every doctor visit
Colorectal cancer	After age 45 if blood pressure is >135/80
Lipid (blood fats: "good" and "bad" cholesterol, triglycerides)	After age 35

Prostate Health Formula™

Balanced Woman

The gentle support and comfort women need during hormonal change

Balanced Woman was developed to help gently bring a woman's hormones into balance using some of today's most popular botanicals.

Wild yam supplies active diosgenin that may modulate estrogen and other female hormones.⁵

Black Cohosh helps supports menopausal comfort.¹

Dong quai, an ancient Chinese folk herb, may have mild estrogen-like activity.²

Chasteberry is traditionally used for PMS, menstrual and menopausal concerns.^{3,4}

Ginseng's mood and sleep-supportive activities may help quality of life in menopausal women.^{6,7}

The following adult screening tests and frequency are recommended for women.^{8,9}

SCREENING	FREQUENCY
Mammogram	Yearly beginning at age 40
Bone scan (DEXA)	Rarely more than every 2 years beginning at age 50 (Discuss with your healthcare provider if there's a family history)
Blood tests for diabetes, thyroid disorders and cholesterol	Every three years beginning at age 35
Lipid (blood fats: "good" and "bad" Cholesterol, triglycerides	After age 35

Camu Gold

The Amazon's nutrient-rich "feel good" fruit for enhanced energy and focus

Free radicals can cause "oxidative stress," a process prevalent in today's fast-paced society that is thought to trigger cell damage and contribute to the development of poor health. Camu camu, a low-growing shrub found throughout flooded areas of the Amazon rainforest in Peru, Brazil, Colombia and Venezuela (where its fruits and leaves are used for medicinal purposes),¹ contains antioxidants that may help protect our cells against the negative effects of these free radicals and promote overall wellness.

Many people are just now discovering the amazing benefits of the Camu Camu berry, referred to in the Amazon as a nutrient-rich "feel good" fruit. TriVita Amazon Herb™ Camu Gold offers a concentrated botanical blend of pure, organic Camu Camu, the source of a wide variety of micronutrients essential for an energetic body and sharp mind.

The ingredients in Camu Gold include:

- Antioxidants, which are known for their free radical scavenging ability²
- A high concentration of Vitamin C³ along with a variety of minerals, amino acids and phytochemicals^{4,5}
- Beta-carotene, fatty acids, protein and flavonoids²
- No preservatives or artificial ingredients, flavors or coloring

DID YOU KNOW?

Camu Camu grows in the swamps of the Amazon rainforest and produces berries that look like large cherries. One of nature's "super foods," Camu Camu is often used to stimulate the immune system and increase energy, as well as maintain healthy skin, eyes and gums.⁶

Ensure your calcium does what it's supposed to...

Vitamin K2 ensures the calcium (500 mg) in VitaCal-MagD K2 does what it's supposed to— promote the calcification of bones and prevent the calcification of blood vessels and kidneys.

Add in the benefits provided by magnesium (250 mg) and Vitamin D3 (500 IU), and you have a powerhouse of musculoskeletal support that other supplements on the market simply don't provide.

Calcium plays a crucial role in maintaining strong bones, supporting their structure and function.¹ Calcium intake, when combined with sufficient Vitamin D, a healthy diet and regular exercise, may reduce the risk of developing osteoporosis.

But getting enough calcium from food alone can be a challenge.² On top of that, calcium absorption may drop by up to 20% in adulthood—and decline even further as we grow older, just when we start needing more.^{1,3}

Rejuvenate

A natural botanical blend to support and revitalize your energy and stamina

With age, we may experience fatigue and decreased stamina and sexual performance, thanks to complex changes to the endocrine system.¹ Amazon Herb Rejuvenate features a proprietary blend of four powerful botanicals straight from the Amazon designed to help maintain a healthy endocrine system and support energy levels, stamina, endurance and overall health. It is also traditionally known to support fertility and sexual performance.

“Amazon John” Easterling has spent years developing herbal blends from the Amazon rainforest that address the most pressing health challenges of modern life. With the Amazon Herb line, TriVita brings his knowledge of these botanical treasures directly to you.

Rejuvenate features the following ingredients:

Maca root: A Peruvian root vegetable, sometimes called Peruvian ginseng because it has been traditionally used to promote stamina and endurance.² Maca also shows a positive influence on supporting cell integrity.³

Suma: Understood as an adaptagen⁴ that helps support body function,⁵ native peoples have long used Suma to promote robust health.

Muira Puama: Its bark and roots have been used traditionally for a variety of purposes including nerve, digestive and joint health.⁶

Stevia: Traditionally used as an anti-hyperglycemic agent, Stevia has beneficial effects on glucose metabolism.⁷

Fiberzon

Great tasting high-fiber to help support easy and painless stool elimination

Many of us don't get enough fiber in our daily diets, and the result can be sluggish and even painful elimination.¹ The fiber in a healthy diet helps keep things moving along—now, Fiberzon gives you that extra fiber with a pleasant-tasting cocoa flavor. Soluble fiber in beans, fruits and oats, along with insoluble fiber (the bulk type in whole-grain products and vegetables) helps keep stools soft. Health experts agree: fiber, good nutrition, drinking plenty of liquids and enjoying regular exercise is crucial for regularity.¹

As we age, elimination troubles can become more common,¹ but Fiberzon may be a solution.

Add healthy fiber easily, every night

With four grams of fiber (both soluble and insoluble) in each serving, mixed with water before bed, Fiberzon is a great way to add supplemental fiber to your healthy eating plan. The unique blend of Rainforest botanicals and fiber in Fiberzon helps support the body's natural elimination: think of it as an intestinal "broom" that helps encourage regularity.

PLUS—Fiberzon offers a proprietary blend of time-honored, plant-based ingredients, including:

- Boldo Leaf, an evergreen shrub, traditionally used in Chile and Peru to support good digestion.²
- Fenugreek, a South American plant whose seeds are used to ease constipation.³
- Hibiscus Flower, an ancient medicinal resource thought to have gentle laxative properties.⁴
- Psyllium Husk, an herb used to help lower cholesterol and to relieve constipation.⁵

**Fiberzon**#ADS1878 **\$39.99****Earn 160 VitaPoints!****Suggested use:** One scoop per 8 ounces pure cool water. In addition, drink 6–8 glasses of pure water daily.**Fiberzon****Quantity:** 8.99 oz (255 g) **Serving size:** 1 level scoop (Approx. 8.5 g)

Amount per serving: Calories 25, Total Carbohydrates 5 g (Dietary Fiber 4 g, Protein 1 g). Proprietary Blend 6935 mg: Psyllium Husk (*Plantago ovata*), Oat Fiber (*Avena sativa*), Fenugreek Seed (*Trigonella foenum-graecum*), Hibiscus Flower (*Hibiscus sabdariffa*), Licorice Root (*Glycyrrhiza glabra*), Boldo Leaf (*Peumus boldus*), Flax Seed (*Linum usitatissimum*), Oat Bran (*Avena sativa*), Slippery Elm Bark (*Ulmus rubra*), Cat's Claw Bark (*Uncaria tomentosa*), Artichoke Leaf (*Cynara scolymus*), Chanca Piedra, Whole Herb (*Phyllanthus niruri*), Camu Camu Fruit (*Myrciaria dubia*), Sangre de Drago Bark Resin (*Croton lechleri*), Papaya Leaf (*Carica papaya*).

Other ingredients: Cocoa, Natural Flavors, Carob Fruit (*Certonia siliqua*), Sodium Chloride, Xanthan Gum, Stevia Leaf Extract and Peppermint Oil Powder.

There's no limit to how many gift cards you can send, so share them with anyone you feel could benefit from TriVita's physician-approved wellness products and lifestyle programs.

Cholestria

Healthy cholesterol level maintenance and support without toxic side-effects

Cholesterol concerns? Plant sterols may help. Also known as phytosterols, plant-based sterol esters are botanical compounds that mimic cholesterol. By occupying cholesterol’s “parking spaces” in the gastrointestinal tract, plant sterols may block LDL (“bad”) cholesterol from being absorbed, and instead help to flush it out of the body.^{1,2} Cholestria supplies a high-potency 1,000 mg serving of plant-based sterol esters in each soft gel.

“I’ve been using Cholestria for nearly five years and my doctor is surprised with my test results. I recommend it to my friends and family because it works.”
- Donna S.,
Member since 2010

A more complete cardio picture

Cholestria Proprietary Blend complements plant sterols with a nutrient complex designed to support additional aspects of cardiovascular health:

Bergamot (Citrus Bergamia): Citrus flavonoids, including the hesperidin found in bergamot fruit, are potent antioxidants linked to a healthy cardiovascular system.³

Vitamin E: Supplies tocotrienols, multi-tasking antioxidants that help protect cells and regulate a cholesterol-related enzyme called HMG-CoA reductase.⁴

CoQ-10: Concentrated in the heart, CoQ-10 supplies fat-soluble antioxidant activity that helps fight the oxidation of LDL cholesterol particles.⁵ Also, statin use may deplete CoQ-10 levels.⁶

TriVita Tropical Blend: A complex of exotic botanical antioxidants from açai, mangosteen, camu camu and more may help support cardiovascular wellness.

Help maintain your cholesterol already within normal range with Cholestria!

Cholestria™

#31290 **\$39.99**

Earn 160 VitaPoints!

Suggested use: Adults take 1 soft gel twice daily with meals.

Cholestria™

Quantity: 60 soft gels **Serving size:** 1 soft gel

Amount per serving: Vitamin E (as d-α tocopherol mixture) 5 IU, Plant Based Sterol Esters 1,000 mg. Cholestria™ Proprietary Blend Total 79 mg: Citrus bergamia (Rind) Extract, Tocotrienol & Tocopherol (palm oil), TriVita Tropical Blend (acai, mangosteen, coffee berry, acerola, camu camu, quercetin, resveratrol, and Pterostilbene), CoEnzyme Q-10. Other ingredients: Lecithin Oil, Yellow Beeswax, Gelatin, Glycerin, Purified Water.

Contains: Soybean oil as source of natural Vitamin E.

Fiberzon Capsules

Supplemental fiber to help avoid unhealthy constipation

Constipation is one of the most common gastrointestinal problems in the United States, affecting an estimated 42 million people. Constipation is a condition in which you have fewer than three bowel movements per week. Long term, constipation can lead to health problems such as hemorrhoids, anal fissures, rectal prolapse or fecal impaction.¹

Regular bowel movements are an important part of digestion, eliminating waste from the body, which allows food that enters the body to move through the digestive tract and supply the body with nutrients.²

Amazon Herb Fiberzon Capsules contain a proprietary blend of 16 botanicals designed to support healthy regularity, including:

Psyllium husk: A soluble fiber used primarily as a gentle, bulk-forming laxative.³

Turkish rhubarb: Chinese herbalists have relied on rhubarb rhizomes and roots for thousands of years. They contain powerful compounds that act as stimulant laxatives.⁴

Boldo: A perennial tree originating from the central regions of Chile, boldo leaves are widely used for supporting digestive health.⁵

Hibiscus flower: Polyphenols contained in plant foods are frequently associated with dietary fiber.⁶

Slippery elm bark: Contains mucilage, a substance that becomes a slick gel when mixed with water.⁷

Although constipation is common among all ages and populations in the U.S., some people are more likely to become constipated, including women, older adults, non-Caucasians, people with lower incomes, those who just had surgery, and people taking medications to treat depression or to relieve pain.¹

DID YOU KNOW?

You can help prevent constipation by eating more high-fiber foods, drinking more water, getting more exercise and asking your healthcare provider if any of your medications may be causing constipation.⁸

**Fiberzon Capsules**#ADS1972 **\$29.99****Earn 120 VitaPoints!**

Suggested use: As a dietary supplement, adults take two (2) capsules daily, or as directed by a healthcare provider.

Recovery

Excellent after exercise or physical exertion

Recovery is formulated with a specially selected assortment of plants with antioxidant, flavonoid and linolenic acid content, designed to help support your body's recovery.

Excellent after exercise or physical exertion, Recovery features a unique botanical blend from the Rainforest:

Dong Quai: Helps stimulate blood flow and lymphatic circulation.¹

Una de Gato: A rich source of alkaloids.²

Sarsaparilla: Used as a tonic for overall health and well-being.³

Pomelo: Known for its antioxidant and lipid reduction properties.⁴

Safflower: Offers high linolenic and linoleic acids content.⁵

THE ORIGIN OF RECOVERY

Recovery combines a series of Amazon Rainforest botanicals with an ancient herbal formula developed by the monks at Shaolin Monastery in China, which is the birthplace of the Kung Fu style of martial arts.

Whether you're a professional athlete or a weekend warrior getting in an aerobic workout, turn to Recovery—and help invigorate your body for the next round.

Rainforest Treasure Tea

Tasty herbal support for mental clarity, physical immunity and vitality

You don't have to travel the Amazon to experience tribal vitality! Rainforest Treasure Tea brings you legendary South American herbs prized by ancient healers for their vitality and immune-supportive effects. You'll enjoy natural energy with no caffeine. Rainforest Treasure Tea features:

Jatoba: Canopy tree yields a bracing bark-tea popularly used by Brazilian lumberjacks to sustain vitality during long workdays.¹ High in antioxidants for immune support.²

Una de Gato: Woody mountain vine traditionally used by Peruvian Asháninka priests to “regulate” mind-body harmony.³ May modulate immune signals.⁴

Pau d’Arco: A flowering rainforest tree called tajy, which roughly translates to “with vitality.”⁵ Inner bark supplies lapachol that helps immune and microbial balance.⁶

Quebra Pedra: This small rainforest herb is taken in tribal traditions to support kidney and urinary health,⁷ uses that may be backed by modern research.⁸

Chuchuhuasi: Amazonian basin tree used in rituals as a “tonic” bark-tea for balance and comfort.⁹ Its antioxidants may offer diverse immune support.^{10,11}

PLUS:

A touch of zero-calorie stevia for natural sweetness and smooth flavor balance.

GlucoManage Formula

Blood sugar balance to help restore healthy glucose levels

Blood sugar balance influences how you feel every single day, affecting your vitality, mood, appetite, mental clarity and more. But many factors can knock blood sugar off-balance, including bad diet, excess weight, sedentary living and poor sleep.¹

Blood sugar levels measure circulating glucose, and insulin distributes this glucose, helping maintain the ideal balance. GlucoManage is formulated to help maintain healthy glucose levels. It's built on a solid vitamin and mineral foundation and enhanced with the SugarSolver™ botanical blend, which includes:

Gymnema sylvestre: Ayurvedic herb that may enhance insulin's performance.²

Bitter melon: May mimic insulin effects while helping to maintain normal insulin release.^{3,4}

American Ginseng: May help blood sugar balance by supporting efficient carb metabolism.⁵

Cinnamon: May help blood sugar by enhancing insulin performance and slowing gastric emptying.⁶

Banaba leaf: Folk herb traditionally used for blood sugar support.⁷

Vanadyl sulfate: A trace mineral with insulin-like effects that may play a role in glucose metabolism.^{8,9}

DID YOU KNOW?

People with blood sugar concerns may have occasional appetite control challenges. GlucoManage® is formulated with 5-HTP (5-Hydroxytryptophan) because it supports the brain chemistry of satisfaction-helping to maintain both a normal appetite and healthy weight management.¹⁰

"I recommend GlucoManage to anyone dealing with blood sugar issues. This product really works!"

- Niva K., Member since 2003

Bone Growth Factor

Enhanced formula to support strong bones and help prevent bone loss

Throughout our lives, bone is broken down (resorption) and rebuilt (formation). In younger years, this bone remodeling process is balanced. But as the body ages, bone tends to break down faster than it is formed—particularly for women—leading to bone loss.¹

Bone Growth Factor features MCHC (microcrystalline hydroxyapatite), an advanced calcium that mirrors what's found in our bones and has been suggested to help with bone remodeling.²⁻⁴ Bone Growth Factor reinforces this broad-spectrum calcium nutrition with:

- 1000 IU of Vitamin D3:** Helps support MCHC and calcium absorption.
- Extra bone minerals:** Phosphorus, magnesium, zinc, copper and manganese.
- Vitamin K:** Low K intake has been linked with bone breakdown (resorption).⁵

PLUS:

Bone Growth Factor's proprietary blend supplies:

- Ipriflavone:** Phytoestrogen suggested to help maintain bone mass in women.⁶
- Boron:** Required for bone metabolism and may enhance bone mineralization.^{7,8}
- Silica:** A mineral that may help form and mineralize organic bone matrix.⁹

Bone Growth Factor's calcium complex features microcrystalline hydroxyapatite calcium (MCHC) because it closely resembles the nutritional composition of human bone and comprises up to 70% of the calcium that is found in our bones.¹⁰

"Bone Growth Factor has helped me take control of my health."

Aqua Algae

An extraordinary blend of algae full of phytonutrients, vitamins, minerals and amino acids

Amazon Herb Aqua Algae features a proprietary blend of fresh water and marine algae. Believed to be one of nature's best superfoods, these extraordinary algae contain many beneficial phytonutrients, including the pigments phycocyanin (blue) and chlorophyll (green). A rich whole-food source, algae is also packed with nutrients such as chlorophyll, vitamins, minerals and amino acids.¹⁻⁷

Amazon Herb Algae includes the following four ingredients:

- **Spirulina:** An algae that contains high levels of various B vitamins, beta-carotene, carotenoids and minerals, including calcium, iron, magnesium, manganese, potassium and zinc. Spirulina is also a good source of gamma-linolenic acid (GLA),¹ and along with other related products may help support the immune system.²
- **Blue Green Algae:** Blue Green Algae is high in protein, iron and other minerals. Blue Green Algae is also being researched for its potential effects on the immune system.³
- **Bladderwrack (Fucus):** A brown seaweed of the Fucaceae family that grows on the coast of the Atlantic and Pacific Oceans of South America,⁴ Bladderwrack contains high concentrations of iodine. As a result, it's been used traditionally to support thyroid health.^{4,5}
- **Chlorella:** A single-cell green algae that grows in fresh water, Chlorella contains amino acids, peptides, protein, chlorophyll, vitamins and minerals.⁶ Interest has grown in Chlorella, specifically in using it to support the immune system and detoxification.⁷

Aqua Algae

#ADS1272 **\$24.99**

Earn 100 VitaPoints!

Suggested use: Adults and children over the age of 12, take 2 capsules daily.

Aqua Algae

Quantity: 60 capsules **Serving size:** 2 capsules

Amount per serving: Proprietary blend 760 mg: Spirulina (Arthrospira Platensis), Blue Green Algae (Aphanizomenon Flos-Aquae) (AFA), Bladderwrack (Leaf) (Fucus Vesiculosus), Chlorella (Chlorella pyrenoidosa).

Other ingredients: Vegetable capsule (vegetable cellulose), rice husk concentrate.

ProDigest

Premium enzyme formula for digestive system enhancement and support

Stress, eating processed foods and aging all make it hard for our digestive system to work properly. The digestive system then becomes challenged, and bloating, gastrointestinal discomfort and indigestion may result.¹

ProDigest helps support the digestive system and features:

- A combination of various natural plant-based enzymes from the Amazon Rainforest.
- Boldo, an evergreen shrub, contains chemicals that might fight bacterial growth in the urine and stimulate the stomach.²
- Anise is an herb used by Amazon natives for its carminative (anti-gas) properties.³
- Peppermint has been used traditionally to help relieve symptoms of irritable bowel syndrome and indigestion.⁴
- Carqueja, an herb traditionally used to address indigestion, constipation and more.⁵

Digestive enzymes to assist and enhance digestion of foods:

- Amylase, which supports breakdown of carbohydrates such as glycogen and starches.⁶
- Protease, which supports digestion of proteins.⁷
- Lipase, which supports breakdown of fats, thereby improving their utilization.⁸
- Comes in vegetarian capsules and contains no preservatives or artificial ingredients.

"I'm a long-time user of ProDigest. It's great for helping me digest food and absorb nutrients."

- Dawn T.,
Member since 2012

ProDigest

#ADS1472 **\$34.99**

Earn 140 VitaPoints!

Suggested use: Take 1 capsule 3 times daily with food or as directed by a healthcare provider.

ProDigest

Quantity: 90 capsules **Serving size:** 3 capsules

Amount per serving: Proprietary Herbal Blend total 253 mg: Anise (Pimpinella anisum seed), Carqueja (Baccharis trimera leaf), Boldo (Peumus boldus leaf), Peppermint (Mentha piperita leaf). Proprietary Enzyme Blend total 219 mg: Amylase (from Aspergillus oryzae), Malt Diastase (from barley seed Hordeum vulgare), Peptidase (from Aspergillus melleus), Protease (from Aspergillus oryzae), CereCalase™ (hemicellulase, phytase and beta-glucanase from Aspergillus niger & Trichoderma longibrachiatum), Bromelain (from Pineapple Ananas comosus leaf), Glucoamylase (from Aspergillus niger), Lipase (from Rhizopus oryzae), Invertase (from Saccharomyces cerevisiae).

Other ingredients: Vegetable-based capsule (hydroxypropyl methylcellulose, purified water), rice husk concentrate.

Zamu Protect

Promotes antioxidant protection against free radical damage

The body is exposed to free radicals from a variety of environmental sources such as pollution, sunlight and toxins in our air, food and water supply. In addition to these external factors, our cells also face constant threats from free radicals generated during normal metabolic processes inside the body. Free radicals cause oxidative stress, a process that triggers cell and genetic material damage, which can lead to a variety of health problems.^{1,2}

Zamu Protect includes a wide array of antioxidants and botanicals, natural substances that may stop or limit the damage caused by highly unstable molecules such as free radicals. Zamu Protect also contains unique antioxidants from the Amazon Rainforest such as:

- Peruvian purple corn³ and maqui⁴, which contain anthocyanins, a type of flavonoid with antioxidant effects.⁵
- Camu camu, one of the richest sources of Vitamin C.⁶
- Green Tea, which provides the best source of catechins. Catechins are more powerful than Vitamin C and E in halting oxidative damage to cells.⁷
- Bilberry⁸, raspberry⁹, blueberry¹⁰ and pomegranate⁵, which also contains anthocyanins.
- Schizandra, which has adaptogenic effects¹¹ in addition to its antioxidant properties.
- Ginkgo biloba, which contains two types of antioxidants: flavonoids and terpenoids.

Zamu Protect™

#31520 **\$19.99**

Earn 80 VitaPoints!

Suggested use: Adults and children over the age of 12, take 2 or more capsules with food every day.

Zamu Protect

Quantity: 60 capsules **Serving size:** 2 capsules

Amount per serving: Zamu Protect™ Proprietary Blend 505 mg: Green tea leaf extract (36% total polyphenols), (Camellia sinensis), Peruvian purple corn (Zea mays), Bilberry fruit extract 4:1 (from 2.4 mg of 100:1 extract), (Vaccinium uliginosum), Blueberry fruit extract 5:1 (from 30 mg of 10:1 extract), (Vaccinium corymbosum), Schizandra fruit (Schizandra chinensis), Red raspberry leaf (Rubus idaeus), Ginkgo Biloba leaf extract 4:1 (from 2.4 mg of 50:1 extract), Pomegranate fruit extract (20% ellagic acid), (Punica granatum), Camu Camu fruit extract (Myrciaria dubia), Maqui fruit (Aristotelia chilensis).

Other ingredients: Rice flour, gelatin, magnesium stearate and silica.

Vital C

The single solution to support immunity, detoxification and healthy aging

If you only take Vitamin C once in a while for immune health, you may be missing out on its full benefits. Vitamin C can help you look great, be active, stay healthy and more—supporting the vital health pathways that make life joyful.

Vital C Crystal Tablet

- Crystalline C compressed into tablet
- Use along with Crystal Powder or alone
- 2,000 mg Vitamin C per serving

Vital C Crystal Powder

- Free-flowing crystalline C
- Dissolves easily in liquid
- 4,000 mg Vitamin C per serving

"I take Vital C Tablets year round. They just make me feel better."

- Nancy H.,
Member since 2003

Feel Vitamin C's Full Potential

Alfred Libby's ORIGINAL formula is designed to support Vitamin C's many roles in whole-life health:

- Immune health¹
- Youthful skin²
- Gum health³
- Bone health⁴
- Joint comfort⁵
- Cardiovascular health⁶
- Healthy aging⁷
- Overall vitality!

Try both non-acidic, pH neutral & buffered Vital C delivery forms and see why they are so popular—experience the daily difference a quality Vitamin C formula like TriVita's Vital C can make!

Vital C™ Crystal Tablets

Quantity: 60 tablets **Serving size:** 2 tablet

Amount per serving: Vitamin C (as sodium L-ascorbate) 1000 mg.

Other ingredients: Microcrystalline cellulose, stearic acid, croscarmellose sodium, coating (hypromellose, polyethylene glycol and hydroxypropyl cellulose), magnesium stearate, and silica.

Vital C™ Crystal Powder

Quantity: 5.8 oz. (165 grams) **Serving size:** 1 heaping teaspoon

Amount per serving: Vitamin C (as sodium L-ascorbate) 4000 mg per teaspoon.

Essential D

Easy-to-swallow soft gels packed with a healthy dose of Vitamin D3

Many of us don't get enough Vitamin D. Causes of this deficiency may include:

- Getting older.** Vitamin D gets harder to absorb and synthesize with age.¹
- Staying indoors.** Your skin needs sunlight in order to make Vitamin D.²
- Sunblock.** Using SPF 8+ may reduce the skin's Vitamin D synthesis by 95%.³
- Overweight.** Carrying extra pounds may create D insufficiency risks.⁴

DID YOU KNOW?
 Just one soft gel supplies 5,000 IU of Vitamin D3: the equivalent Vitamin D amount found in 50 cups of milk!⁸

Essential D: Enhanced & absorbable Vitamin D3

Designed for easy absorption, Essential D starts with 5,000 IU of Vitamin D3 (Cholecalciferol), a bioavailable form that matches what your body produces naturally. The Essential D Proprietary Blend includes:

- Broccoli powder:** Supplies sulforaphane that may help regulate Vitamin D Receptor (VDR) genes.⁵
- Olive oil base:** Oil-based Vitamin D may be absorbed more efficiently than powder-based D.⁶

Vitamin D supports whole-body wellness:

- Bone density
- Immune function
- Cognitive health
- DNA repair & maintenance
- Muscle health
- Heart health
- Cellular metabolism
- Colon, prostate and breast health⁷

THIS PRODUCT IS ALSO GREAT FOR:

- ENERGY, STAMINA & PERFORMANCE SUPPORT**
- MUSCULOSKELETAL SYSTEM SUPPORT**
- NUTRITIONAL SUPPORT**

Essential D™

#31270 **\$14.99**

Earn 60 VitaPoints!

Suggested use: Adults take 1 soft gel daily or as directed by your healthcare provider.

Essential D™

Quantity: 30 soft gels **Serving size:** 1 soft gel

Amount per serving: Vitamin D3 (as Cholecalciferol) 5,000 IU, Vitamin E (as d-alpha-tocopherol) 30 IU, Essential D Proprietary Blend 424 mg: Broccoli Whole Plant Powder, Tocotrienol & Tocopherol Oil, Lecithin, Olive Oil, Plant Based Sterol Esters 100 mg. Other ingredients: Yellow Beeswax, Gelatin, Glycerin, Water and Caramel (color).

This product contains soy.

HCY Guard

Nutritional support to help lower and maintain healthy homocysteine levels

When homocysteine (HCY) levels go out-of-range, blood vessel and circulatory concerns seem to follow¹—suggesting the importance of balanced HCY for heart health.

Why does HCY go out-of-range?

Among other reasons, low levels of Vitamin B-6, B-12 and folate are associated with unbalanced HCY.^{2,3} This may be because these three B vitamins are cofactors in HCY metabolism: They help the body to use and eliminate HCY properly.⁴ Unfortunately, some older adults have a harder time absorbing B vitamin nutrition, and may fall short on the recommended intake for HCY support.⁵

HCY Guard is formulated with Vitamin B-6, B-12 (as methylcobalamin) and folate in precise ratios—supplying the right B vitamin nutrition to help support your HCY levels already within normal range.

The HCY Guard proprietary blend adds complementary nutrients for even more support, including:

Choline: An important cofactor in homocysteine metabolism⁶

L-Cysteine: Helps convert HCY into methionine, a beneficial amino acid⁷

CoEnzyme Q-10: Extra support for healthy blood vessels and circulation⁸

HCY Guard is presented in pleasant-tasting soft tablets that dissolve in the mouth. This step encourages absorption to help optimize HCY Guard's nutritional support for your cardiovascular health.

HCY Guard®

#30460 **\$23.99**

Earn 96 VitaPoints!

Suggested use: Adults and children over 10, take 1 slow dissolve tablet daily or as needed throughout the day. For best absorption do not chew or swallow whole: let dissolve in mouth or under tongue.

Quantity: 30 tablets **Serving size:** 1 tablet

Amount per serving: Vitamin B6 (as pyridoxine HCl) 10 mg, Folate (as folic acid) 400 mcg, Vitamin B12 (as methylcobalamin) 1000 mcg, Biotin 25 mcg. HCY Guard® Proprietary blend Total 103 mg: Inositol, Taurine, Choline bitartrate, N, N-Dimethyl Glycine, L-Lysine, CoEnzyme Q-10, L-Cysteine, DL-Methionine.

Other Ingredients: Sorbitol, xylitol, stearic acid, mannitol, citric acid, natural flavors, magnesium stearate, soy lecithin, silica and sucralose.

VitaDaily

Everything you need, nothing you don't. One small tablet, once per day!

TriVita has crafted the ideal once daily multi-vitamin for anyone who wants *clean daily nutrition* without all the “bad stuff” found in many multi-vitamins on the market.

1 TABLET Formulated to help make your life healthy and easy!

WITH VITADAILY — YOU DO GET —

100% DAILY VALUE

19 ESSENTIAL VITAMINS & MINERALS

1 TABLET THAT DISSOLVES

30 MINUTES

WITH VITADAILY — YOU DON'T GET —

ARTIFICIAL FOOD DYES

FAKE FLAVORS

SYNTHETIC PRESERVATIVES

MEGA-DOSES

THAT OFFER MUCH MORE NUTRITION THAN YOUR BODY NEEDS, SIMPLY TO MAKE IT LOOK MORE POWERFUL.

Nutrient deficiency may not be the only dietary concern to worry about. Researchers have noted that “suboptimal” nutrient intake—which is above deficiency levels—may *still* be a risk factor for many health concerns. Suboptimal nutrient intake is common in adults, especially the elderly.¹
